

JetVision by DIRECTV™

Premium Live TV Entertainment Tailored for Business Aviation

JetVision by DIRECTV™ is an inflight live TV entertainment service designed for business aviation, delivering a broad selection of live, high-definition sports, news, movies and more to passengers via high-speed data connectivity allowing multiple users to stream content simultaneously while onboard.

FEATURES

- An app-based entertainment without any hardware or wiring required. Simply download the DIRECTV IN MOTION app and stream live Internet Protocol Television (IPTV) on most mounted TVs and mobile devices.
- Multi-user capability allows multiple users to stream their own content independently and simultaneously via the DIRECTV IN MOTION app while connected to the aircraft wi-fi network.
- Comprehensive programming including access to premium sports, breaking news, entertainment and lifestyle channels.
- Specifically designed for business aviation, ensuring optimal utilization based on the device and network.
